Quranic Sciences/ Unit 7 Quiz

(The *Miracle of Quran*)

1. What is the definition of Miracle/Mojiza?

An apparently impossible act performed by a Prophet to prove his Prophethood when challenged by his opponents (Turaihi)

2. What are the main differences between a miracle and magic?

- The source of Mojiza is God, while the source of magic is human being.
- Mojiza is unchallengeable, while magic can be reproduced by someone else.
- The aim of Mojiza is guidance, while the main purpose of magic is entertainment.

3. How Quranic miracle differs from other miracles?

- It is educational- other miracles were only proofs of the truthfulness of the Prophets.
- It is eternal- not time bound and will remain miracle for all.
- It is accessible to all- people up until the end of world can witness this miracle.

4. Can Quran be presented as miracle for non-Arabs who have no knowledge of Arabic?

Besides its language, Quran is miracle in many other aspects for example its prophecies, scientific fact etc. furthermore, its linguistic miracle is so manifest that even non-Arabs can easily understand after a little reflection.

5. The personality of Prophet (saww) is a dimension of Quranic miracle. How?

The Prophet (saww) lived in Arabia like all other Arabs; did not study before anybody, how such a person without the Wahy of God can bring up a complete unique book? The Quran is so wise and its teachings are so sublime that even after fourteen centuries is the beacon of light for the enlightened world.
